Taking Golf After School is an at school, after school junior golf enrichment program designed for grades K-5. Instructors use props, contests, and team skill challenges to introduce students to golf in a rewarding environment that includes a lot of fun. TGAS creates an energetic, supervised and safe atmosphere, conducive to the advancement of student life and golf skills. The program is appropriate for beginners and advanced beginners. Students will learn the set-up routine, basic swing fundamentals for most golf swings, golf etiquette and rules, skills and drills, and life lessons in every class. Most importantly, pure excitement in the class will begin to develop a child's passion for the sport of golf. For more information, call TGAS at 410 505 8812 or visit www.takinggolfafterschool.com
