

# Local Private Instructors

**Musicians, from beginners to experienced professionals, have always sought private instruction from expert players on their instrument. The weekly modeling and instruction from a professional is invaluable for the music student who wishes to explore their potential to the fullest. Should you choose to acquire a private teacher for your child, this is provided for your convenience. If you have any questions about specific teachers listed here or about private instruction in general please contact me.**

**Frank J. Owens**  
**Director of Bands**  
**Centennial Lane ES**  
**410-313-2800**
